

How to complete the Cobalt Reporting Template

CRT Rev. 2.11

June 2020

Japan Electronics and Information Technology
Industries Association (JEITA)

-Responsible Minerals Trade Working Group-

【Notice】

This document is published by the JEITA Responsible Minerals Trade Working Group.
We endeavour to ensure that our information on RMI templates for responsible mineral sourcing is as recent and accurate as possible, but please be aware that this will not always be the case.

Table of Contents

- 1. Cobalt Supply Chain Survey**
- 2. Outline of CRT Rev. 2.11 and Recent Changes**
- 3. How to Complete the CRT**
 - 3.1 Declaration Sheet**
 - 3.2 Smelter List Sheet**
 - 3.3 Product List Sheet**
 - 3.4 Checker Sheet**
- 4. How to Use the RMI website**

Where necessary, please refer to "How to Complete the CMRT."

1. Cobalt Supply Chain Survey: Background

While there are no laws or regulations like the **Dodd–Frank Act** for cobalt, this survey arose from concerns over **unsafe working conditions** and **child labour** in artisanal cobalt mining.

This is an **excerpt** from the explanation on the RMI (Responsible Minerals Initiative) website

<http://www.responsiblemineralsinitiative.org/emerging-risks/cobalt/>

The Democratic Republic of the Congo (DRC) is the world's largest producer of cobalt and holds more than 50 percent of the global cobalt reserves. Cobalt is used in lithium-ion batteries that form an integral part of electric automobiles, mobile phones and laptop computers. Demand for cobalt is expected to rise significantly over the coming years. Cobalt is extracted in mechanized and artisanal mining operations. Multiple reports have highlighted concerns over social and environmental impacts of cobalt extraction, including child labor and unsafe working conditions in artisanal cobalt mining. The RMI added cobalt as a dedicated focus area in 2017. We work to create the enabling conditions for companies to exercise due diligence over cobalt supply chains in accordance with the OECD Due Diligence Guidance.

1. Cobalt Supply Chain Survey: CMRT and CRT comparison

Item	CMRT Rev. 6.01		CRT Rev. 2.11
Background/law	DFA Section 1502	EU Conflict Mineral Regulation	No compliance requirement Growing international interest in human rights issues, etc.
Issuance date	Applied as of August 2012	Applied as of January 2021	NA
Subject of regulations	US listed companies	Companies importing metals into the EU	NA
Metals covered	3TG Tantalum, Tin, Tungsten, Gold		Cobalt
Regions covered	DRC and the nine adjoining countries	CAHRAs ^{*1}	CAHRAs ^{*1}
Risks covered	Source of funds for armed groups	OECD Annex II Risks ^{*2}	OECD Annex II Risks ^{*2}

*1, *2 explained in later pages

1. Cobalt Supply Chain Survey: OECD Annex II Risks

OECD Annex II Risks refer to the risks in Annex II in OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas.*¹

OECD Annex II Risks:

1. Serious abuses associated with the extraction, transport or trade of minerals (child labor, etc.)
2. Direct or indirect support to non-state armed groups
3. Public or private security forces
4. Bribery and fraudulent misrepresentation of the origin of minerals
5. Money laundering
6. Payment of taxes, fees and royalties due to governments

*¹ Available for download on the OECD website

<http://www.oecd.org/corporate/mne/mining.htm>

1. Cobalt Supply Chain Survey: CAHRAs

Conflict-Affected and High-Risk Areas (CAHRAs)

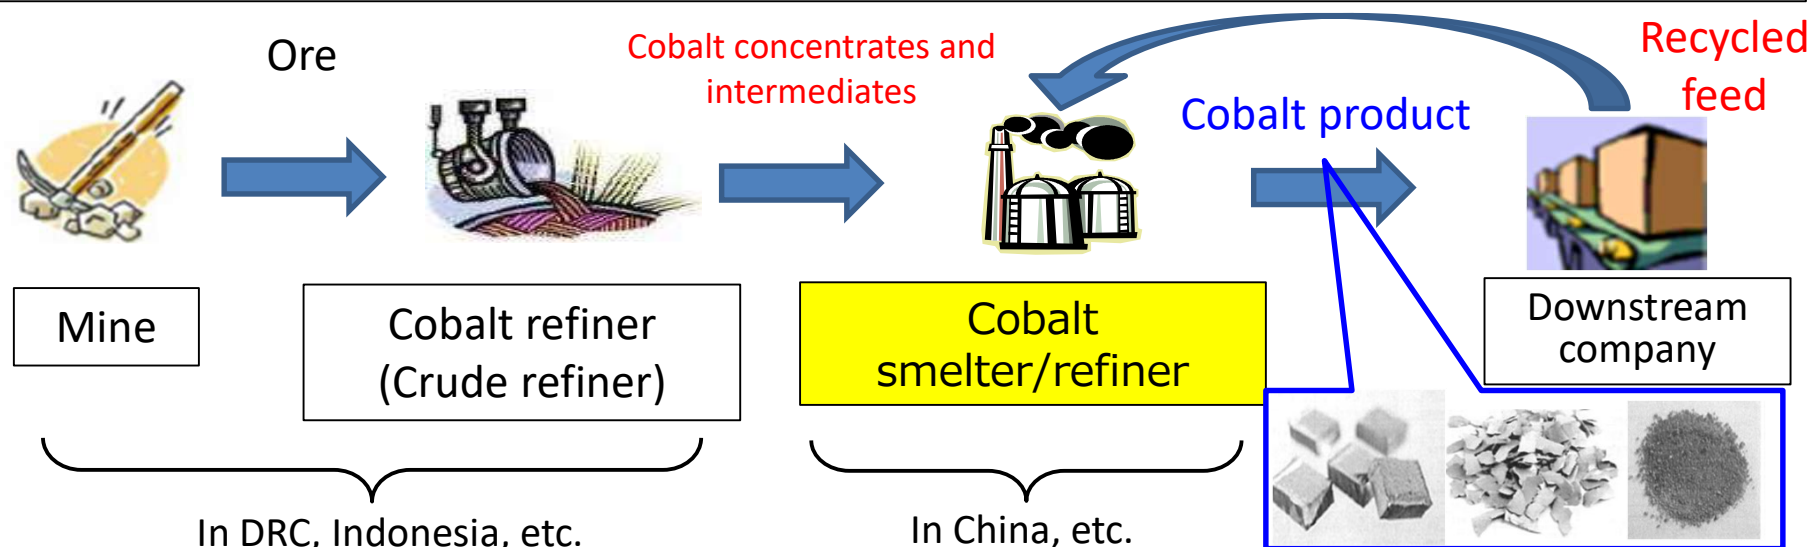

Conflict-affected and high-risk areas are identified by the presence of armed conflict, widespread violence or other risks of harm to people. Armed conflict may take a variety of forms, such as a conflict of international or non-international character, which may involve two or more states, or may consist of wars of liberation, or insurgencies, civil wars, etc. *High-risk areas* may include areas of political instability or repression, institutional weakness, insecurity, collapse of civil infrastructure and widespread violence. Such areas are often characterised by widespread human rights abuses and violations of national or international law.

The CAHRAs remain conceptual at this point, with the EU yet to specify particular regions as of 25 May 2020. The RMI standard, however, stipulates that the CAHRAs shall include, at a minimum, the Covered Countries under the Dodd-Frank Act.

1. Cobalt supply chain survey: Cobalt smelter definition

The RMI defines a cobalt smelter/refiner as “an entity that processes **cobalt concentrates, intermediates or recycled feed** and produces a **cobalt product** for direct use in a downstream manufacturing process.” Downstream manufacturers therefore need to identify smelters at all these stages of the supply chain. However, because **crude refiners** close to mines that **refine metals from ore** have recently begun receiving RMAP*¹ assessments, they are beginning to appear on the Active Smelter list, etc. (The cobalt industry and RMI use “**smelter**” and “**refiner**” interchangeably.)

Cobalt intermediates: Partially refined hydroxides, carbonates, and metals, etc.
 Cobalt recycled feed: Industrial scrap and scrap from consumer goods scrap, etc.
 Cobalt products: Electrical cobalt, cobalt sulfate, cobalt briquettes, cobalt powder, etc.

*1 RMAP is the RMI’s Responsible Minerals Assurance Process.

1. Cobalt supply chain survey: RMI SSN Status

This refers to the number of smelters recognized as **S**tandard **S**melter **N**ames by the RMI as of 13 May 2020 and their conformant status. The list does not cover all smelters worldwide.

Cobalt

Co

SSN total: 55 smelters (of which 11 are crude refiners)

Conformant: 5 (9%)

Active: 22 (of which 3 are crude refiners)

There are 5 conformant smelters, representing 9% of the total.

There are 22 active smelters (scheduled for assessment) of which **3 are crude refiners.**

Assessments are running behind schedule because of COVID 19.

2. Outline of CRT Rev. 2.11: Structure

The CRT comprises an Excel file with 8 sheets:

Revision, Instruction, Definitions, Declaration, Smelter List, Checker, Product List, and Smelter Look-up
 (The role of each sheet will be explained on the next page.)

Cobalt Reporting Template (CRT)

English

Language choices are restricted to English, Japanese, Chinese and Korean

Confirm revision no.

Revision 2.11
May 19, 2020
[Link to Terms & Conditions](#)

The purpose of this document is to collect sourcing information on cobalt.

Mandatory fields are noted with an asterisk (*). Consult the instructions tab for guidance on how to answer each question.

Company Information	
Company Name (*):	
Declaration Scope or Class (*):	
Description of Scope:	
Company Unique ID:	
Company Unique ID Authority:	
Address:	
Contact Name (*):	
Email - Contact (*):	
Phone - Contact (*):	
Authorizer (*):	
Title - Authorizer:	
Email - Authorizer (*):	
Phone - Authorizer (*):	
Effective Date (*):	

Revision | Instructions | Definitions | Declaration | Smelter List | Checker | Product List | Smelter Look-up

You need to fill in THREE sheets: Declaration, Smelter List, and Product List.

2. Outline of CRT Rev. 2.11: Role of Each Sheet

Role of each sheet

- Revision Record of revisions
- Instructions Explanation of background and how to fill in the sheets
- Definitions Definitions of terminology
- Declaration Company information (Q1-6 and A-I) <REQUIRED>
- Smelter List List of smelters (refiners) <WHERE NECESSARY^{*1}>
- Checker Checks that all the necessary information has been filled in <CHECK REQUIRED^{*2}>
- Product List List of target products <WHERE NECESSARY^{*3}>
- Smelter Look-up Smelter Look-up list^{*4}
(List of smelters (refiners) at the time of CRT issuance)

Notes:

^{*1} Fill in for those metals to which you responded “Yes” for Q1

^{*2} Fill in any areas **marked in red** on the Checker Sheet

^{*3} Fill in where the scope is “**B: Product**”

^{*4} List of smelters (refiners) at the time when the latest CRT was issued. The latest list can be found on the RMI website.

* Please read the instructions and definitions before filling in the form.

2. Changes to CRT Rev. 2.11

Rev. 1.1 (issued 21 December 2018)

Rev. 2.0 (issued 30 October 2019)

→ **Rev. 2.11**^{*1} (issued 19 May 2020; latest version)

Smelter List update and bug fixes only

^{*1} Rev. 2.1 was initially issued on May 13, 2020 but revised immediately due to bugs.

- ✓ Bug on Line 57 of the Checker in CRT Rev. 1.1 fixed
- ✓ The following bugs in CRT Rev. 2.11 can be ignored
 - If you choose A. Company for Declaration Scope and Class on the Declaration sheet, **Product List Line 56 in the Checker will be highlighted in red.**
 - In Row C in the Smelter List (Smelter Look-up), if you select “Smelter not yet identified,” **Row D (Smelter Name) will be grayed out and Row E (Smelter Location) will remain blank.** (According to the Instructions (Smelter Look-up, Line 49), in this case “Unknown” will be automatically entered.)

You can follow the same instructions for Rev. 2.11 as for Rev. 1.1.

3. How to Complete the CRT:

3.1 Composition of the Declaration Sheet

The Declaration Sheet is composed of three blocks.

A

Company Information		
Company Name (*)		
Declaration Scope or Class (*)		
Description of Scope:		
Company Unique ID:		
Company Unique ID Authority:		
Address:		
Contact Name (*)		
Email - Contact (*)		
Phone - Contact (*)		
Authorizer (*)		
Title - Authorizer:		
Email - Authorizer (*)		
Phone - Authorizer (*)		
Effective Date (*)		

B

Answer the following questions 1 - 6 based on the declaration scope indicated above

Question	Answer	Comments
1) Is any of the cobalt intentionally added or used in the product(s) or in the production process? Cobalt (*)		
2) Do any of the smelters in your supply chain source the cobalt from a Conflict-Affected and High-Risk area? (OECD Due Diligence Guidance, see definition tab) (*)		
3) Does 100 percent of the cobalt originate from recycled or scrap sources? (*)		
4) What percentage of relevant suppliers have provided a response to your supply chain survey? (*)		
5) Have you identified all of the smelters supplying the cobalt to your supply chain? (*)		
6) Has all applicable smelter information received by your company been reported in this declaration? (*)		

C

Question	Answer	Comments
A. Have you established a publicly available cobalt sourcing policy? (*)		
B. Does your policy cover, at a minimum, all risks in the OECD Due Diligence Guidance Annex II Model Policy, as well as the worst forms of child labor? (*)		
C. Have you implemented due diligence measures for cobalt in the declaration scope indicated above? (*)		
D. Do you require suppliers to exercise due diligence over the cobalt supply chain in accordance with the OECD Due Diligence Guidance? (*)		
E. Do you require your direct suppliers to source cobalt from smelters whose due diligence practices have been validated by an independent third party audit program? (*)		
F. Do you require suppliers' due diligence practices to cover, at a minimum, all risks in the OECD Due Diligence Guidance Annex II Model Policy, as well as the worst forms of child labor? (*)		
G. Does your company conduct cobalt supply chain survey(s) of your relevant supplier(s)? (*)		
H. Do you review due diligence information received from your suppliers against your company's expectations? (*)		
I. Does your review process include corrective action management? (*)		

Ⓐ 14 company information items

Ⓑ 6 questions related to the status of your **cobalt use** (summary of primary supplier information)

Ⓒ 9 questions related to your **cobalt sourcing policies and actions**

3. How to Complete the CRT:

3.1 Declaration Sheet ① Company Information

Company Information	
Company Name (*):	
Declaration Scope or Class (*):	
Description of Scope:	A. Company B. Product (or List of Products) C. User defined [Specify in 'Description of scope']
Company Unique ID:	
Company Unique ID Authority:	
Address:	
Contact Name (*):	
Email - Contact (*):	
Phone - Contact (*):	
Authorizer (*):	
Title - Authorizer:	
Email - Authorizer (*):	
Phone - Authorizer (*):	
Effective Date (*):	

All items marked with an asterisk must be completed (highlighted in yellow)

Use the pulldown menu to choose from options A to C. The party making the report (your company) decides the Description of Scope, but in some cases it is decided by the customer.

DD-MMM-YYYY format
Example: 01-May-2020

- A. Company Applies to ALL your company's products
- B. Product Applies only to SOME of your products
 → Fill in the Product List Sheet
- C. User defined Applies within the scope defined by your company
 → Specify the product scope in the "Description of scope" field

3. How to Complete the CRT:

3.1 Declaration Sheet ① Company Information

If you choose B. Product (or List of Products), the line “Go to Product List tab to enter products this declaration applies to” will appear as below, along with a “Click here” instruction under B. Product.

Company Information	
Company Name (*):	
Declaration Scope or Class (*):	B. Product (or List of Products)
Go to Product List tab to enter products this declaration applies to	Click here to enter the products this declaration applies to

Clicking as instructed will take you to the Product List Sheet, where you will fill in the manufacturer’s product number, etc. (details on the next page).

	<p>Completion required only if reporting level "Product (or List of Products)" selected on the 'Declaration' worksheet.</p>	
	<p>Click here to return to Declaration tab</p>	
Manufacturer’s Product Number (*)	Manufacturer’s Product Name	Comments

<p>Revision Instructions Definitions Declaration Smelter List Checker Product List Smelter Look-up (+) ⋮</p>		

3. How to Complete the CRT:

3.1 Declaration Sheet ② Cobalt Use Status

Answer each question using the **pull-down menu**. If you answered **“No”** to Q1, you don't need to respond from **Q2 onward**.

Answer the following questions 1 - 6 based	
1) Is any of the cobalt intentionally added or used in the product(s) or in the production process?	Answer Cobalt(*)
2) Do any of the smelters in your supply chain source the cobalt from a Conflict-Affected and High-Risk area? (OECD Due Diligence Guidance, see definitions tab) (*)	Answer Cobalt(*)
3) Does 100 percent of the cobalt originate from recycled or scrap sources? (*)	Answer Cobalt(*)
4) What percentage of relevant suppliers have provided a response to your supply chain survey? (*)	Answer Cobalt(*)
5) Have you identified all of the smelters supplying the cobalt to your supply chain? (*)	Answer Cobalt(*)
6) Has all applicable smelter information received by your company been reported in this declaration? (*)	Answer Cobalt(*)

- 1) Is any of the cobalt intentionally added or used in the product(s) or in the production process?
- 2) Do any of the smelters in your supply chain source the cobalt from a Conflict-Affected and High-Risk area?
- 3) Does 100 percent of the cobalt originate from recycled or scrap sources?
- 4) What percentage of relevant suppliers have provided a response to your supply chain survey?
- 5) Have you identified all of the smelters supplying the cobalt to your supply chain?
- 6) Has all applicable smelter information received by your company been reported in this declaration?

3. How to Complete the CRT:

3.1 Declaration Sheet ② Cobalt Use Status

1) Is any of the cobalt intentionally added or used in the product(s) or in the production process?

Yes Answer “**Yes**” if cobalt has been intentionally added or used because it is necessary to the functionality, specifications, or production of a product, regardless of the amount.

No Answer “**No**” if cobalt has **NOT** been intentionally added or used, even if products include trace-level cobalt contaminants.

Unknown If you don’t know whether cobalt has been intentionally added or used, answer “**Unknown.**”

1. If even one of the CRTs you have collected from suppliers answers “Yes”, your answer here must also be “Yes.”
2. If all of the CRTs you have collected from suppliers answer “No, your answer will be “No.”
3. In cases other than the above, answer “Unknown.”

If you answered “**Yes**” to **Q1**, you must also answer Questions 2-6 and A-I.

3. How to Complete the CRT:

3.1 Declaration Sheet ② Cobalt Use Status

2) Do any of the smelters in your supply chain source the cobalt from a Conflict-Affected or High-Risk Area? (OECD Due Diligence Guidance, see definitions tab)

- Yes** If your smelters source from a CAHRA (describe in Comments field)
- No** If your smelters don't source from a CAHRA
- Unknown** If you don't know whether your smelters source from a CAHRA
- DRC or adjoining countries only** If your smelters source only from the DRC or adjoining countries

If there is a broad range of answers in the CRTs you have collected, use the Comments field as shown on the right.

DRC+9: DRC or adjoining countries only

Collation of multiple CRTs				Your company's answer	
Yes	No	Unknown	DRC+9	Answer	Comments
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Yes	including DRC+9
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		Yes	
<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	Yes	including DRC+9
<input type="radio"/>		<input type="radio"/>	<input type="radio"/>	Yes	including DRC+9
<input type="radio"/>	<input type="radio"/>			Yes	
<input type="radio"/>		<input type="radio"/>		Yes	
<input type="radio"/>			<input type="radio"/>	Yes	including DRC+9
	<input type="radio"/>	<input type="radio"/>		Unknown	
	<input type="radio"/>		<input type="radio"/>	DRC+9	
		<input type="radio"/>	<input type="radio"/>	DRC+9	including Unknown
	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	DRC+9	including Unknown

3. How to complete the CRT:

3.1 Declaration Sheet ② Cobalt Use Status

3) Does 100 percent of the cobalt originate from recycled or scrap sources?

- Yes** If 100% of the cobalt comes from recycled or scrap sources
- No** Some of the cobalt comes from natural (mined) resources
- Unknown** Unclear whether 100% of the cobalt comes from recycled or scrap sources

If all of the suppliers from which you have received a CRT answer “Yes,” your answer will be “Yes.” If even one answers “No”, your answer here must also be “No.”

3. How to Complete the CRT:

3.1 Declaration Sheet ② Cobalt Use Status

4) What percentage of relevant suppliers have provided a response to your supply chain survey?

Choose one of the following options according to the percentage of disclosures received from all relevant suppliers.

- 100%
- Greater than 90%
- Greater than 75%
- Greater than 50%
- 50% or less
- None

※ Regardless of CRT Question 4 answers received from suppliers

Suppliers excluded from the scope of the CRT

- Suppliers of equipment, tools, consumables, and other products outside the scope of the CRT
- Suppliers or parts and materials which clearly do not contain cobalt

Note: Surveys must be continued until the response rate is 100%.

3. How to Complete the CRT:

3.1 Declaration Sheet ② Cobalt Use Status

5) Have you identified all of the smelters supplying the cobalt to your supply chain?

Yes If you have identified all of the smelters

No If you have not identified even one supplier supplying the cobalt to your supply chain

Unknown If you don't know whether you have identified all the smelters

You can only answer “Yes” if you meet all four of the conditions below:

- ① You have received CRTs from all the relevant suppliers (=your answer to Q4 was **100%**).
- ② The answer to Q4 in all the CRTs you received was **100%**.
- ③ The answer to Q5 in all the CRTs you received was “**Yes.**”
- ④ The answer to Q6 in all the CRTs you received was “**Yes.**”

You must also have identified all smelters through your due diligence.

3. How to Complete the CRT:

3.1 Declaration Sheet ② Cobalt Use Status

6) Has all applicable smelter information received by your company been reported in this declaration?

- Yes** You have reported all applicable smelter information received by your company
- No** You have not reported some of the applicable smelter information received by your company.
- Unknown** You don't know (You should not need to select this option.)

The answer will usually be “Yes,” but it may be “No” if you have not reported all the applicable information because of an obligation to protect supplier confidentiality, etc.

3. How to Complete the CRT:

3.1 Declaration Sheet © Policies and Actions

Choose the pulldown to answer each of the nine questions on your company’s policies and actions in relation to cobalt sourcing.

Question
A. Have you established a publicly available cobalt sourcing policy? (*)
B. Does your policy cover, at a minimum, all risks in the OECD Due Diligence Guidance Annex II Model Policy, as well as the worst forms of child labor? (*)
C. Have you implemented due diligence measures for cobalt in the declaration scope indicated above? (*)
D. Do you require suppliers to exercise due diligence over the cobalt supply chain in accordance with the OECD Due Diligence Guidance? (*)
E. Do you require your direct suppliers to source cobalt from smelters whose due diligence practices have been validated by an independent third party audit program? (*)
F. Do you require suppliers' due diligence practices to cover, at a minimum, all risks in the OECD Due Diligence Guidance Annex II Model Policy, as well as the worst forms of child labor? (*)
G. Does your company conduct cobalt supply chain survey(s) of your relevant supplier(s)? (*)
H. Do you review due diligence information received from your suppliers against your company's expectations? (*)
I. Does your review process include corrective action management? (*)

- A. Have you established a publicly available cobalt sourcing policy?
- B. Does your policy cover, at a minimum, all risks in the OECD Due Diligence Guidance Annex II Model Policy, as well as the worst forms of child labor?
- C. Have you implemented due diligence measures for cobalt in the declaration scope indicated above?
- D. Do you require suppliers to exercise due diligence over the cobalt supply chain in accordance with the OECD Due Diligence Guidance?
- E. Do you require your direct suppliers to source cobalt from smelters whose due diligence practices have been validated by an independent third party audit program?
- F. Do you require suppliers' due diligence practices to cover, at a minimum, all risks in the OECD Due Diligence Guidance Annex II Model Policy, as well as the worst forms of child labor?
- G. Does your company conduct cobalt supply chain survey(s) of your relevant supplier(s)?
- H. Do you review due diligence information received from your suppliers against your company’s expectations?
- I. Does your review process include corrective action management?

Unrelated to disclosures received from suppliers

3. How to Complete the CRT:

3.1 Declaration Sheet © Policies and Actions

A. Have you established a publicly available cobalt sourcing policy?

Yes If your company has established such a policy

No If your company has NOT established such a policy

B. Does your policy cover, at a minimum, all risks in the OECD Due Diligence Guidance Annex II Model Policy, as well as the worst forms of child labor?

Yes Yes, it does

No No, it doesn't

See next page for details on what comprises "the worst forms of child labor."

3. How to Complete the CRT:

3.1 Declaration Sheet © Policies and Actions

International Labour Organization (ILO)

C182 – Worst Forms of Child Labour Convention, 1999

https://www.ilo.org/dyn/normlex/en/f?p=NORMLEXPUB:12100:0::NO::P12100_ILO_CODE:C182

- (a) all forms of slavery or practices similar to slavery, such as the sale and trafficking of children, debt bondage and serfdom and forced or compulsory labour, including forced or compulsory recruitment of children for use in armed conflict;
- (b) the use, procuring or offering of a child for prostitution, for the production of pornography or for pornographic performances;
- (c) the use, procuring or offering of a child for illicit activities, in particular for the production and trafficking of drugs as defined in the relevant international treaties;
- (d) work which, by its nature or the circumstances in which it is carried out, is likely to harm the health, safety or morals of children.

3. How to Complete the CRT:

3.1 Declaration Sheet © Policies and Actions

C. Have you implemented due diligence measures for cobalt in the declaration scope indicated above?

Yes If you have implemented such measures

No If you have not implemented such measures

D. Do you require suppliers to exercise due diligence over the cobalt supply chain in accordance with the OECD Due Diligence Guidance?

Yes If you require suppliers to exercise due diligence

No If you do not require suppliers to exercise due diligence

3. How to Complete the CRT:

3.1 Declaration Sheet © Policies and Actions

E. Do you require your direct suppliers to source cobalt from smelters whose due diligence practices have been validated by an independent third party audit program?

Yes Yes, you do.

No No, you don't

F. Do you require suppliers' due diligence practices to cover, at a minimum, all risks in the OECD Due Diligence Guidance Annex II Model Policy, as well as the worst forms of child labor?

Yes Yes, you do.

No No, you don't

3. How to Complete the CRT:

3.1 Declaration Sheet © Policies and Actions

G. Does your company conduct cobalt supply chain survey(s) of your relevant supplier(s)?

Yes, CRT If you conduct cobalt supply chain surveys of your relevant suppliers using the CRT format

Yes, Using Other Format (Describe)

If you conduct surveys of your relevant suppliers using another format (describe in Comments field)

No If you don't conduct cobalt supply chain surveys

3. How to Complete the CRT:

3.1 Declaration Sheet © Policies and Actions

H. Do you review due diligence information received from your suppliers against your company's expectations?

Yes If you do review due diligence information received from your suppliers against your company's expectations

No If you don't

I. Does your review process include corrective action management?

Yes If your review process does include corrective action management

No If it doesn't

3. How to Complete the CMRT: 3.2 Smelter List Sheet –Structure–

On the Smelter List, you enter information on all smelters in your supply chain. The sheet comprises 17 items.

TO BEGIN:
 Option A: If you know the Smelter Identification Number, input the number in Column A (columns B, C, E, F, G, I and J will auto-populate); D will grey out.
 Option B: If you have a Cobalt and Smelter Look-up name combination, complete the following steps:
 Step 1: Select Metal in column B
 Step 2: Select from dropdowns in column C
 Option C: If you have a Cobalt and Smelter Name combination, complete the following steps:
 Step 1: Select Metal in column B
 Step 2: Select "Smelter Not Listed" in the Smelter Look-up drop down and complete column D & E
 Step 3: Enter all available smelter information in columns H through Q

- 17. Comments

(*) Compulsory fields

3. How to Complete the CMRT:

3.2 Smelter List Sheet –Preparation–

Before filling in the Smelter List, please make the following preparations:

- ✓ List all the smelters from which you have received CRTs
- ✓ Use CID numbers, etc., to remove duplications (name identification)
- ✓ If your list contains non-SSN smelters without CID numbers, check on their website, etc., that they really are operating smelters (due diligence)
- ✓ Delete trading companies and other businesses which are clearly not smelters

In some cases, smelters that were SSNs may have become non-SSNs. For example, they may have:

- Ceased to operate as a smelter
- Amalgamated with another smelter
- Been discovered not to be a smelter

The SSNs on the Smelter Look-up Sheet are as at the time of CRT issuance, and there are some cases where the RMI has subsequently recognized a smelter as an SSN and given it a CID number (you can check this on the RMI website). Even in these cases, for the purposes of this CRT, the smelter will be deemed “Smelter not listed.”

3. How to Complete the CMRT:

3.2 Smelter List Sheet –Data Entry–

① If you already know the CID number

When you enter the CID number into Field A, Fields B, C, E, F, G, I, and J will be automatically populated.

We recommend copying and pasting CID numbers into Field A.

A	B	C	D	E	F	G	H	I	J
<p>TO BEGIN:</p> <p>Option A: If you know the Smelter Identification Number, input the number in Column A (columns B, C, E, F, G, I and J will auto-populate); D will grey out.</p> <p>Option B: If you have a Cobalt and Smelter Look-up name combination, complete the following steps: Step 1. Select Metal in column B Step 2: Select "Smelter Not Listed" in the Smelter Look-up drop down and complete columns D & E Step 3. Enter all available smelter information in columns H through Q</p> <p style="text-align: right;">© 2020 Responsible Minerals Initiative. All rights reserved.</p>									
Smelter Identification Number Input Column	Metal (*)	Smelter Look-up (*)	Smelter Name (1)	Smelter Country (*)	Smelter Identification	Source of Smelter Identification Number	Smelter Street	Smelter City	Smelter Facility Location: State / Province
CID003226	Cobalt	Umicore Finland Oy		FINLAND	CID003226	RMI		Kokkola	Central Ostrobothnia

Enter the CID number here

Fields B, C, E, F, G, I, and J will be populated automatically

3. How to Complete the CMRT: 3.2 Smelter List Sheet –Data Entry–

② If you don't know the CID number

If you select cobalt in Field B and chose the appropriate smelter name in Field C, Fields E, F, G, I, and J will be populated automatically.

You can also copy and paste into Fields B and C, but if the data in Field C does not exactly match the data in the Smelter Look-up field on the Smelter Look-up Sheet, Fields E, F, G, I, and J will not be populated automatically even if it is the right the SSN (CID number).

③ If there is no selection option in Field C (non-SSN smelter)

Once you have selected cobalt in Field B, select “Smelter not listed” in Field C, and enter the smelter name in Field D and the smelter country in Field E. All these fields are compulsory, but please also populate Fields H-P to the best of your ability.

④ If you cannot identify the smelter

Select cobalt in Field B and chose “Smelter not yet identified” in Field C.

Smelter Identification Number Input Column	Metal (*)	Smelter Look-up (*)	Smelter Name (1)	Smelter Country (*)	Smelter Identification	Source of Smelter Identification Number	Smelter Street	Smelter City	Smelter Facility Location: State / Province
②	Cobalt	Cosmo EcoChem Co., Ltd.		KOREA, REPUBLIC OF	CID003415	RMI		Ulsan	Ulsan-gwangyeoksi
③	Cobalt	Smelter Not Listed	ABCDEF	JAPAN		Enter smelter details			
④	Cobalt	Smelter Not Yet Identified							

3. How to Complete the CRT:

3.2 Smelter List Sheet –Data Entry–

If the Declaration Scope or Class is **B. Product (or List of Products)**, you must complete the **Product List**.

Completion required only if reporting level "Product (or List of Products)" selected on the 'Declaration' worksheet.

Revision | Instructions | Definitions | Declaration | Smelter List | **Checker** | **Product List** | Smelter Look-up | (+) | ⋮

Manufacturer's Product Number (**compulsory**): Enter the product numbers for the relevant products

Manufacturer's Product Name: Enter the product name

Comments: Enter comments where necessary

3. How to Complete the CRT:

3.4 Checker Sheet

After completing the Declaration Sheet, Smelter List Sheet, and Product List Sheet, please use the Checker Sheet to check that you have populated all the necessary fields.

To ensure all required fields have been populated before submitting to your customers review form for any line items highlighted in red

Required Fields	Answer provided	Notes	Hyperlink to source
Company Name (*):	ABCDEFGH	Complete	
Declaration Scope or Class (*):	A. Company	Complete	
Description of Scope:		Complete	
Contact Name (*):		Provide contact name in Declaration tab cell D15	Click here to enter Contact Name
Email - Contact (*):		Provide a valid email for contact in Declaration tab cell D16	Click here to enter Email-Contact
Phone - Contact (*):	+81-3-1234-5678	Complete	

① Revision | Instructions | Definitions | Declaration | Smelter List | **Checker** | Product List | Smelter Look-up

② Complete → (green) / Incomplete → (red)

③ Required fields remaining to be completed: 22

- ① Select Checker Sheet to confirm your data entry.
- ② Areas in green are complete; areas in red are incomplete.
- ③ When the “Required fields remaining to be completed” value is 0, your data entry is complete.

4. RMI Website: Outline

- ◆ RMI Home Page

<http://www.responsiblemineralsinitiative.org/>

- ◆ Here you can access the following information (as of 13 May 2020)

- ① Download the CRT Template

- ② Cobalt Smelter/Refiners List

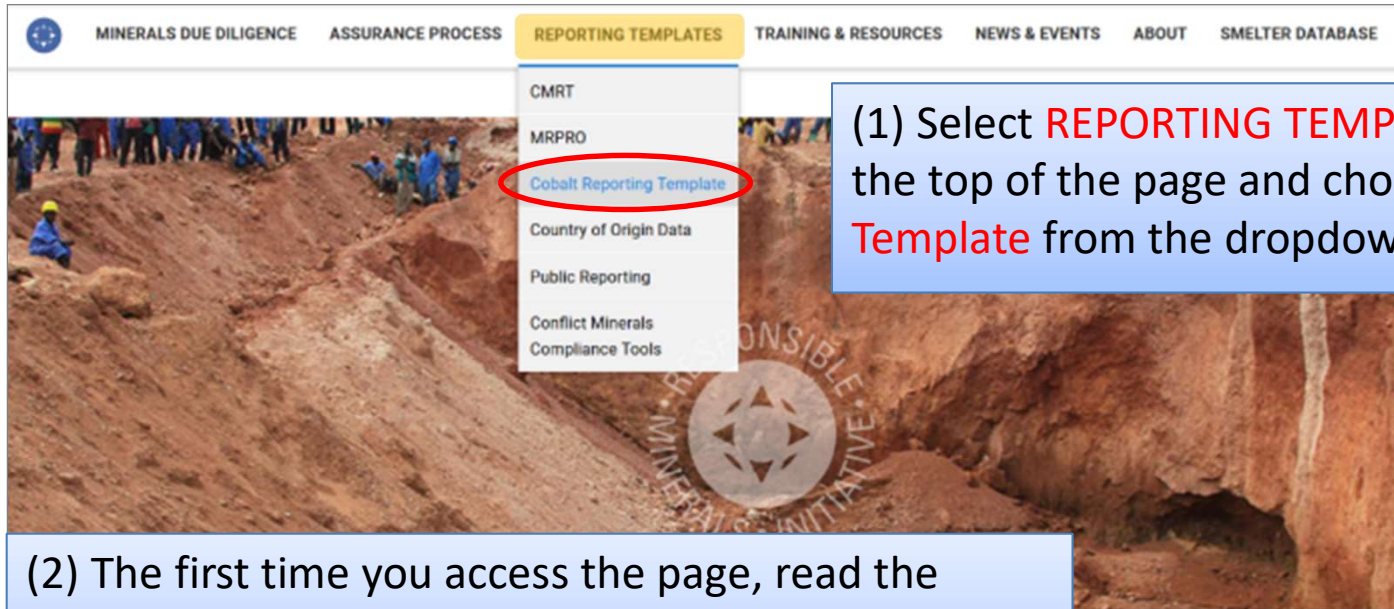

- a. Export the Smelter Reference List

- b. Download Conformant Cobalt Refiners or Active Cobalt Refiners

- ③ FAQ (Frequently Asked Questions)

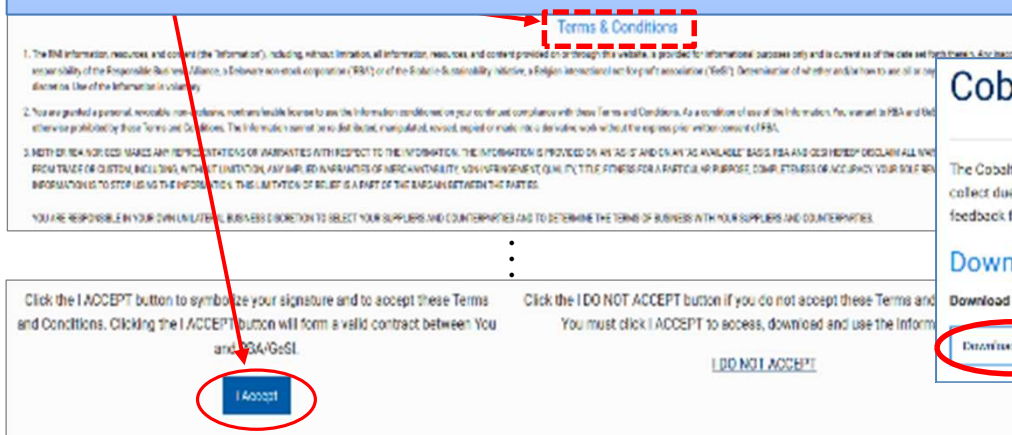

4. How to use the RMI website: CRT

① Download the CRT template

(1) Select **REPORTING TEMPLATES** from the tab at the top of the page and choose **Cobalt Reporting Template** from the dropdown menu.

(2) The first time you access the page, read the **Terms & Conditions** and agree by clicking **I accept** at the bottom.

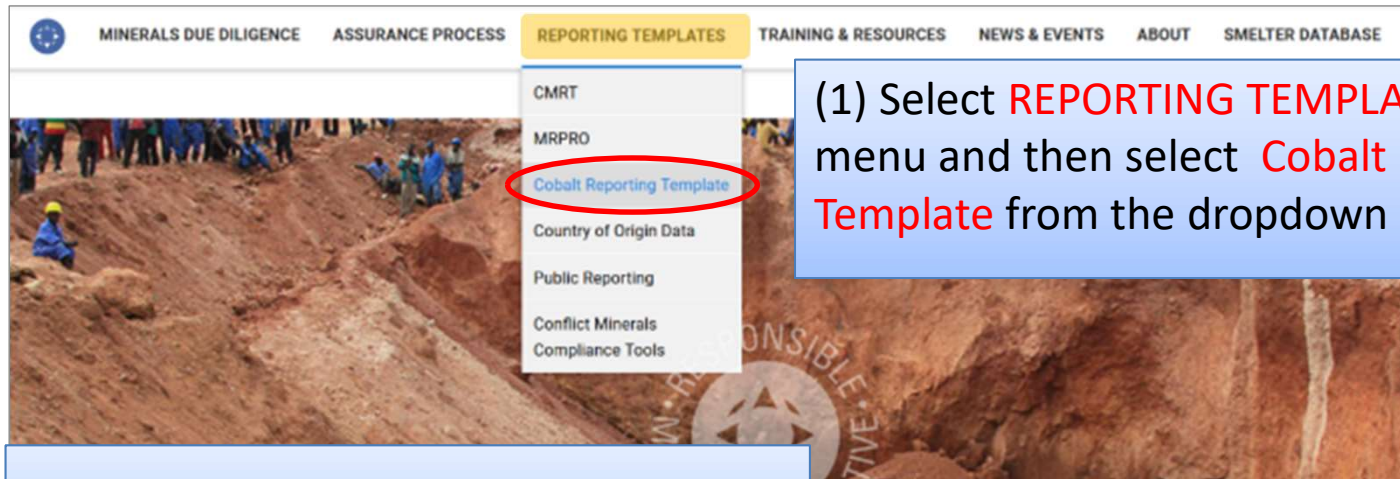

(3) Click **Download CRT**.

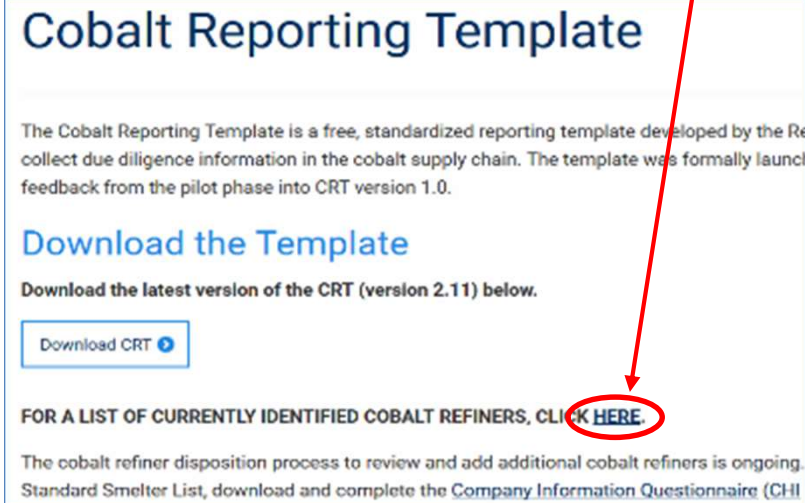

4. RMI Website: Cobalt Smelter/Refiners List

② (a) Export the Smelter Reference List

(1) Select **REPORTING TEMPLATES** from the top menu and then select **Cobalt Reporting Template** from the dropdown menu.

(2) Under **Cobalt Reporting Template**, click **HERE**.

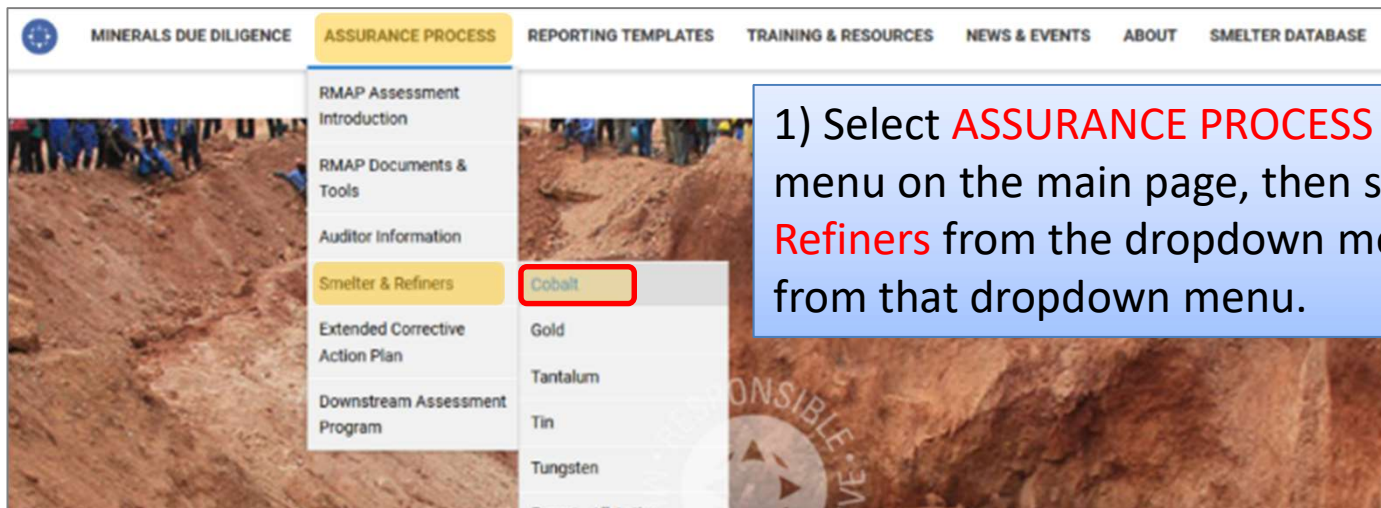

(3) When the Cobalt Smelter Reference List comes up, click **Download Data**.

4. RMI Website: Cobalt Smelter/Refiners List

② (b) Download Conformant Cobalt Refiners or Active Cobalt Refiners

1) Select **ASSURANCE PROCESS** from the top menu on the main page, then select **Smelter & Refiners** from the dropdown menu, then **Cobalt** from that dropdown menu.

(2) Under **Cobalt Refiners List**, click **View Conformant Cobalt Refiners** or **View Active Cobalt Refiners**.

Next page

4. RMI Website: Cobalt Smelter/Refiners List

(3) When your chosen Refiners list appears, click **Download Data**.

MINERALS DUE DILIGENCE ASSURANCE PROCESS REPORTING TEMPLATES TRAINING & RESOURCES NEWS & EVENTS ABOUT SMELTER DATABASE

Conformant Cobalt Refiners

Note: Smelters and refiners with "Yes" marked the "Re-assessment in progress" column are still considered conformant smelters and refiners while their re-assessment is underway.
